GERMANS AID RELIEF MOVEMENT IN BERLIN

Volunteers Acting with American Ambassador Succeeded in Restoring Almost Normal Conditions. Money Now Available.

Washington, Aug. 14.—Volunteers who have co-operated with Ambassador Gerard have made it possible for the embassy in Berlin to restore almost normal conditions among Americans residing in the British Isles, who apply for American passports, must prove their naturalization as American citizens or register with the police as German subjects. This ruling is in accordance with an order issued by the police.

The American consul at Turin, Italy, reports that Americans in Budapest, Hungary are well provided for. Further Exoduses From France. Paris, Aug. 14, 6:35 a. m.—There was a further exodus of Americans today. The French liner Chicago sailed from Havre for New York at 2 o'clock this morning and the France of the same line sails at 1 o'clock this afternoon.

The bitterness engendered by the war is reflected in numerous anti-German stories. A dispatch to the Havas agency from Zurich, Switzerland, today says that travelers returning from the south of Germany declare that the Russian consul at Frankfurt, N. de Damer, was forcibly taken from his home and escorted to a statue of Germania. After being compelled to remove his hat and bow to the statue he was kicked and cuffed.

The Duke of Orleans has returned to Emperor Francis Joseph of Austria-Hungary the collar of the Order of the Golden Fleece, which was conferred on the French pretender in 1896, when he married the Archduchess Marie of Austria.

Another Neutrality Proclamation. Washington, Aug. 14.—President Wilson issued a neutrality proclamation today covering the war between Great Britain and Austria-Hungary.

LAST FATAL FIGHT AT MANZANILLO COST 200 LIVES

Washington, Aug. 14.—In a night attack August 7 on Manzanillo, in "what appears to have been one of the fiercest battles on the west coast of Mexico," says a report today from Rear Admiral Howard, the constitutional forces, which included a regiment of 500 Yaqui Indians under Colonel Mendez, charged across a field which had been mined and strewn with barbed wire.

Of one detachment of 200 men in the fight only 22 survived unhurt. The charge was made in the face of a concentrated artillery and infantry fire and the guns of the federal gunboat Guerrero.

Austrian Consulate Closed. Montreal, Aug. 14.—The consulate of Austria-Hungary which has remained open here notwithstanding the declaration of war between Great Britain and Austria-Hungary, was ordered closed today by the dominion

ATLANTIC LINERS RESUMING THEIR SCHEDULES

England's Assurance of Thorough Patrol of Passenger Lanes Causes General Resumption of Business.

London, Aug. 14, 2:10 p. m.—The British admiralty today gave the assurance that the ocean routes are well patrolled and a guarantee of quick resumption of the Atlantic passenger service.

Several steamships which previously had been provisionally requisitioned for governmental purposes have now had their sailing dates fixed. The Olympic is to depart August 19, the Mauretania August 29 and the Lusitania September 2.

American Liners Sailing.

New York, Aug. 14.—The American liner New York sailed today for Liverpool. No other vessel was due to leave port for Europe. The Cedric of the White Star line, which was to have sailed today, will sail some time after midnight. The Celtic, sailing from Liverpool August 7, was due to arrive here late today.

Austrian Steamer War Prize.

Montreal, Aug. 14.—The Austrian steamer Ida, 4,700 tons, which sailed from Trieste and Naples before war was declared, reached here last night and was taken over by the marine department at Quebec today as a war prize.

Captain Martindale had heard nothing of the war and was astounded when marine department officials notified him of the seizure of his vessel.

The Ida is a freighter, the property of the Austro-American line. She sailed from Trieste July 21 and from Naples July 25 on this port.

Stokers Taken Prisoners.

New York, Aug. 14.—Thirty-five German stokers of the crew of the United Fruit steamer Zacaia, which reached here today from Colombia, Colon and Kingston, are prisoners of war at Kingston, instead of being sent by their way to Germany as reservists because of Captain Towell's refusal to obey the command of the German consul at Colon and send the stokers ashore.

When Captain Towell refused to land the stokers, officers went into the hold and took the stokers ashore as prisoners of war. Captain Towell said he had considerable difficulty in recruiting men to take their places.

Even though the Zacaia is a British ship, as she entered Kingston harbor she showed signals of the captain to demand his wireless, a new harbor regulation enforced after the declaration of war.

The Zacaia steamed with her lights out to avoid German warships. One day out from Kingston she was hailed by a warship, thought to have been an Italian. It withdrew after learning the liner's identity.

Mutiny on German Steamer.

Rio de Janeiro, Aug. 14.—A mutiny broke out among the crew of the German steamer Bleucher, which after sailing from this port for an unknown destination returned a short time later. The local police were called on board to quell the disturbance, the reason for which has not been divulged.

Lying in the port of Pernambuco are several German liners with a total of 5,000 German stokers passengers on board.

The captains of the vessels fear to proceed owing to the danger of capture by British warships.

Mauretania Sails Under Sealed Orders. Halifax, Aug. 14.—The Cunard liner Mauretania which put in here about a week ago to avoid capture, sailed today for a destination which was not announced.

Morgan and company announced this afternoon that they had not been requested by the French government to negotiate a loan, but had been approached on the subject by private interests; and that they would not care to entertain the matter should there be the slightest doubt on the part of the state department as to the propriety of negotiating such a loan.

NO ACTION ON MUTINY IN ALABAMA MILITIA

None of the battery men was arrested and so far no official action has been taken as a result of the alleged mutiny of Battery B men at Mobile last night. The men were said to have mutinied because of failure to receive their pay before leaving Mobile.

Rosnoke, Va., Aug. 14.—Two guards bearing fifteen thousand dollars to pay miners at Glenside, W. Va., were shot to death and robbed near there today by a band of highwaymen.

DEMOCRATS OF EAST COUNTIES ARE UNITED FOR VICTORY

Governor McDonald Likes Outlook in Solid Democratic Territory; Had Big Time at Lovington Barbecue.

WILL BE HERE SUNDAY FOR STATE CONVENTION

Colfax County Elects Delegates to State Convention; Kolhausen As County Chairman.

Gov. W. C. McDonald, who spent last night in Albuquerque, leaving this morning for Santa Fe, had been visiting in Pecos valley, the Democratic stronghold of New Mexico, and is back from the trip well pleased with conditions as relates to party harmony, party enthusiasm and the outlook for the fall election.

"I found very little that could be considered dissatisfactory among the Democrats in the southeastern part of the state," said the governor. "The Democrats in Chavez county have had their primary and I judge it was a pretty stiff fight while it lasted, but now that it is over the result is to be contented with."

"I am more satisfied than ever that the Democratic majority for Mr. Ferguson in the event Mr. Ferguson is the nominee, which seems in every way probable at this time."

My visit to Roswell was occasioned by an invitation to Lovington to a barbecue which I promised to attend a few months ago and I attended in Roswell the day of the convention and so did Judge Richardson. It was a good convention from a party standpoint.

"I had the time of my life at Lovington. It was an old-fashioned barbecue and I believe there were more than 2,000 people there. They came from all over the plains country and some said there were over 2,000. It was a huge crowd and everybody had a fine time."

"I have read the resolutions of the Bernalillo county Democratic convention on county salaries with great interest. My views on the salary question are of course well known, but these resolutions are interesting and valuable as being the first definite expression on what each office should be paid that has come from any political convention, and it will be valuable in the state convention and in framing salary legislation next winter. I am convinced that the official of them all, is entitled to more remuneration, although the popular impression seems to be that the sheriff is the most important county office; as indeed it should be, but unfortunately is not in many of our counties."

"I am coming to the state convention with all several others of the state officers, including the lieutenant governor and secretary of state. I expect to be here at noon on Sunday."

KOLHAUSEN RE-ELECTED

CHAIRMAN IN COLFAX

Details of the Colfax county Democratic convention held at Springer show the re-election of Dr. C. B. Kolhausen as county chairman, the nomination of Tranquillo Hernandez as colonel and H. A. Kiker of Hutton for the legislature, and the election of the following delegates to the state convention at Albuquerque who bring the county's endorsement of H. B. Ferguson; E. E. Sherrick, Dawson; A. J. Meloche, Precinct 22; I. C. Floersheim, Springer; H. A. Kiker, Hutton; J. J. Shuler, Hutton; Tranquillo Hernandez, Colfax; Enrique Trujillo, Chico; E. E. Sherrick, Maxwell; Frank Sheltzer, Dawson; B. H. Chandler, Cimarron; Florencio Trujillo and George Tindall, Springer.

Chase that has Pressed More than a Week, Last Hunters Head for San Padillas.

Curse of two horse thieves, who trails they have been following more than a week, a posse of six Roswell deputies started from here for San Padillas at daybreak this morning. They came here from Las Lunas yesterday.

They were guided from here by Deputy Sheriff Querino Conter. Three of the posse rode horses and the others were in an auto.

The posse, they thought, were traced over plains and mountains through six days and nights. Yesterday the trail was found to lead to San Padillas, and at nightfall the posse came here for a rest before descending on the settlement in an attempt to round up the suspects if they should happen to be there.

In the posse were Deputy Sheriff Jim Johnson; Frank Young, son of Sheriff Young of Chavez county; Fred Higgins, Harvey Williams, Hugh Davis and H. Herrin. The chase started Thursday of last week, when a horse belonging to Sheriff Young and a horse belonging to J. Lillbeck were stolen.

Young Higgins and Williams set out on the trail first. On Sunday Johnson and Davis joined them, with H. Herrin, an expert trail rider, picked up at Corona. Johnson and Herrin crossed the Manzano mountains, and yesterday the party met at Tajique, where their jaded mounts were replaced by Indian ponies.

They rode into Los Lunas, from where a telephone message to this city brought two cars in which they came to this city.

Mayor Boatright said he thought that neither Andrews nor Baca should be nominated and that in his opinion Col. R. K. Twilchell was the man the Republicans should nominate for congress.

Sections 1-2-7, 1-2-8, 1-2-9 compiled laws of 1897, New Mexico, on which the court based his opinion, were passed long before statehood when all laws that were passed by the territorial legislature were passed up to congress and if not disapproved became law, and it is under this statute that the court held that the state has the power to control the open range and exercise its police power for the benefit of its stock raisers, and to prevent trouble among them, and to regulate their rights.

There will probably be no appeal from this decision.

TODAY'S LIVE NEWS OF SUNSHINE STATE

DECISION OF VAST IMPORTANCE TO STOCKHOLDERS

Judge McClure in Opinion Handed Down in Chavez County Case Holds Development of Water Gives Range Rights.

Roswell, N. M., Aug. 14.—The state law giving a person or corporation the right to graze the open range when such a person or corporation has developed permanent water on the range and stocked the range, was held to be valid in a decision which has just been handed down by Judge John T. McClure in the district court.

This is in the case of A. D. Hill, the Calumet Ranch company, against Joe and E. Winkler, Askren & Gilbert representing the plaintiff and Reid & Hervey the defendant.

This case is of the greatest importance to all stock men of the state for the reason that it guarantees to one who goes on the virgin plains and establishes ranches, develops the water and stocks the ranges that he will be protected from intruders under the state law.

Sections 1-2-7, 1-2-8, 1-2-9 compiled laws of 1897, New Mexico, on which the court based his opinion, were passed long before statehood when all laws that were passed by the territorial legislature were passed up to congress and if not disapproved became law, and it is under this statute that the court held that the state has the power to control the open range and exercise its police power for the benefit of its stock raisers, and to prevent trouble among them, and to regulate their rights.

There will probably be no appeal from this decision.

The naval authorities at Esquimalt gave out word that the little ship of war Algeria is now safe from capture but it was requested that nothing be published regarding the movements of Canadian and British warships.

British Columbia people believe that a Japanese warship which left Japan more than a week ago under sealed orders will turn up on this coast tomorrow or Sunday, putting another aspect on the expected arrival of the Leipzig and Nürnberg. The source of this report is not given.
